DRI WASH 'N GUARD™

Shake well before use. Spray Dri Wash 'n Guard onto your vehicle's dry, non-porous surface in a shaded area out of direct sunlight.

Rub lightly with a soft terry cloth to a dry "filmy" haze, then buff to a shine with another clean soft terry cloth.

Dri Wash 'n Guard goes on extremely easy. You do not have to rub hard, unless you are removing tar, oil, insects, etc.

Using your soiled towels, the wheels and tires should be the last to be cleaned on your vehicle.

If your car is very dirty with mud, rocks, etc., remove them from the surface WITH CARE.

Dri Wash 'n Guard, with formula PolyGuard-3®, is great for boats, fiberglass, motorcycles, aircraft, RVs, snowmobiles, windows, mirrors, bath fixtures, ceramic tile, porcelain, microwave & oven doors, refrigerators, appliances, and any other solid, non-porous surface.

DO NOT mix the original formula Dri Wash 'n Guard with Dri Wash 'n Guard for the Home. DO NOT mix with water.

**DRI WASH 'N GUARD™
FOR THE HOME**

Shake well before use. Spray Dri Wash 'n Guard for the Home onto any dry, non-porous surface.

Rub lightly with a soft terry cloth to a dry "filmy" haze, then buff to shine with another clean soft terry cloth.

The uses for Dri Wash 'n Guard for the Home, with formula PolyGuard-7® are virtually endless. Fiberglass, windows, mirrors, ceramic fixtures, porcelain, glass table tops, brass, sterling silver, stainless steel, microwave & oven doors, refrigerators, appliances, Formica, lacquered furniture, copper, range tops, jewelry, musical instruments, and more can be cleaned, polished, sealed, and protected with each application.

IMPORTANT: For safety purposes, DO NOT use Dri Wash 'n Guard for the Home on shower floors, the bottom of bathtubs, or any other floor that may get wet. The protective glaze will create a slippery surface when wet. DO NOT use Dri Wash 'n Guard for the Home on motor vehicles. DO NOT mix Dri Wash 'n Guard for the Home with original formula Dri Wash 'n Guard designed for outdoor use. DO NOT mix with water.

**DRI WASH 'N GUARD™
ALL-WEATHER TIRE TREATMENT**

Shake well before use.

Spray evenly onto surface. Polish immediately with a soft, clean cloth, then buff to a shine with a second clean cloth. Repeat for an even higher luster and longer-lasting protection.

Note: Double layers of high quality paper towels may also be used instead of cloth. Apply as often as needed or desired. For best results, test on an inconspicuous area before applying to complete tire.

CAUTION: Do not mix with water, chemicals, or any other Dri Wash 'n Guard products.

Do not use on glass, Plexiglas, mirrors, chrome, or non-porous surfaces. Do not use in any room or area where painting is being done. Do not use on surfaces that may require painting in the future.

**DRI WASH 'N GUARD™
PREMIUM METAL POLISH**

Shake well before and during use. Apply sparingly with a small, clean terry cloth. Rub lightly until polish turns dark. Let dry and buff off with a clean terry cloth. For best results, test in an inconspicuous area first.

Do not use on painted metal surfaces or on surfaces thinly plated with gold, silver, brass or platinum- such thin metal plating may be removed by the powerful properties which remove oxidation, corrosion, and rust.

CAUTION: Keep away from heat, sparks, and flames. Use only in well ventilated areas. Avoid prolonged breathing of vapors and prolonged skin contact. Keep container closed while not in use.

WARNING: Combustible. Contains petroleum distillates. Keep out of reach of children. Harmful or fatal if swallowed. If ingested, do not induce vomiting. Obtain immediate medical attention. May cause eye and skin irritation, respiratory system irritation and temporary nervous system impairment (light-headedness).

**DRI WASH 'N GUARD™
LEATHER & VINYL TREATMENT**

Spray area to be cleaned and wipe with a clean cloth or sponge. For excessively soiled area, scrub lightly with a soft brush, then wipe with a clean cloth or sponge. Buff lightly with a clean cloth after application.

CAUTION: Keep out of reach of children. Do not ingest. If ingestion occurs, induce vomiting and flush with water. Avoid contact with eyes. If contact occurs, flush with water. Discontinue use if any other irritation develops. Not for use on glass, floors, or woven materials.

**DRI WASH 'N GUARD™
UPHOLSTERY, FABRIC, & CARPET
TREATMENT**

Apply Dri Wash 'n Guard Upholstery, Fabric, & Carpet Treatment to area to be treated. Agitate for several seconds with clean towel or soft bristle brush. Pat dry. Test in an inconspicuous area first.

Dri Wash 'n Guard Upholstery, Fabric, & Carpet Treatment with formula PolyGuard-5® removes ground-in stains and helps neutralize odors!

PRECAUTIONS: Keep out of reach of children. Do not ingest. If ingestion occurs, flush with water and consult a physician. Avoid contact with eyes. If contact occurs, flush with water for 15 minutes. If skin irritation occurs, rinse with soap and water.

**DRI WASH 'N GUARD™
POLYGUARD-1™ OIL TREATMENT**

Prior to first oil change, add to existing oil one bottle for passenger vehicles, one once per quart of oil for diesel engines including semi-tractors, and one once for every pint of oil for 2-cycle engines. For every oil change, add the above mentioned quantities of Dri Wash 'n Guard PolyGuard-1™ Oil Treatment to a full crankcase of oil. Shake bottle vigorously for 10 seconds before adding product to crankcase.

DANGER: May be harmful or fatal if swallowed. If swallowed, DO NOT induce vomiting. Contact a physician immediately. Avoid contact with eyes and skin. If contact occurs, flush with water. KEEP OUT OF REACH OF CHILDREN.
